

Aluminum Round Pole, 60mm Diameter x 3.65m Length, Single Conduit Channel

- 60mm diameter aluminum round pole construction
- 3.65m overall length for versatile installation needs
- Single conduit channel (ditch) for wiring and mounting
- Corrosion-resistant aluminum suited for outdoor use
- 1-year warranty coverage

OVERVIEW

The 4-PR6 is an aluminum round pole measuring 60mm in diameter and 3.65m in length, intended for outdoor lighting installations, flagpoles, and similar structural support applications. Its round profile contributes to overall rigidity and load stability.

Constructed from aluminum, the pole is resistant to corrosion and suited for exterior environments. It includes a single conduit channel (ditch) to facilitate wiring runs and secure pole placement during installation.

The pole carries a 1-year warranty.
