

- ### Plastic Cover, 4 cm x 4 cm Square, 1-Year Warranty
- Square plastic cover measuring 4 cm x 4 cm
 - Resists scratches and impacts for extended component protection
 - Compact footprint integrates into existing setups without modification
 - Rated for use with components carrying a 50,000-hour LED lifetime
 - Backed by a 1-year warranty

OVERVIEW

The 4-PS4-CV is a square plastic cover measuring 4 cm x 4 cm, designed to protect components and finished assemblies across electronics, manufacturing, and packaging applications. Its compact footprint allows it to integrate into existing setups without modification, and the square geometry supports efficient stacking, storage, and transport.

The cover is constructed to resist scratches and impacts, supporting the longevity of the items it protects in both commercial and industrial environments. It is rated for use with components carrying an LED lifetime of up to 50,000 hours.

The cover is backed by a 1-year warranty.
