

Aluminum Adjustable Angle Board Support Bracket with Lock Fixer, 30 cm

- Aluminum construction for a lightweight yet durable build
- 30 cm width accommodates standard angle board sizing
- Integrated lock fixer secures board and prevents slippage
- Adjustable angle positioning for custom orientation
- Backed by a 1-year warranty
- Rated for a 50,000-hour service life

OVERVIEW

The Aluminum Adjustable Angle Board Support Bracket is designed to securely support angle boards in commercial and professional environments. With a 30 cm width, it provides a stable mounting surface suitable for signage and display applications where reliable board positioning is required.

Constructed from aluminum, the bracket offers a lightweight yet durable build. An integrated lock fixer mechanism holds the board firmly in place, preventing slippage or unintended movement. The bracket supports adjustable angle positioning, allowing installers to dial in the optimal orientation for each application.

The bracket is backed by a 1-year warranty and rated for a 50,000-hour service life.
