

## Right 45 - Degree Lock for Aluminum Tradeshow Booth System

- Right 45 -degree lock configuration for aluminum booth frameworks
- Constructed from high -quality, durable materials
- Backed by a 1 -year manufacturer warranty
- Rated for 50,000 hours of operational lifetime
- Integrates seamlessly into modular aluminum tradeshow booth systems

### OVERVIEW

The 4 -Z -Lock -R is a right 45 -degree lock designed for use with aluminum tradeshow booth systems. It provides a secure connection point within modular exhibit frameworks, allowing straightforward access to components during assembly and reconfiguration.

Constructed from high -quality materials, the lock is built for durability and integrates directly into compatible aluminum booth systems without disrupting the finished appearance of the exhibit.

Backed by a 1 -year warranty for added assurance during use in tradeshow and exhibit applications.
