

Plastic Corner Accessory for 5-ALF2 LED Channel, Impact-Resistant, 0.02 lb

- Molded from impact-resistant plastic for corner joint reinforcement
- Weighs only 0.02 lb for easy handling and installation
- Resists moisture and corrosion in interior and exterior settings
- Smooth finish supports a clean aesthetic in finished sign applications
- Backed by a 1-year warranty

OVERVIEW

The 5-ALF2-CN is a plastic corner accessory designed for use with the 5-ALF2 LED channel profile. It secures and reinforces corner joints within the profile system, maintaining structural integrity at transition points in interior and exterior installations.

Constructed from impact-resistant plastic, this component resists moisture and corrosion for use across varied environmental conditions. The lightweight 0.02 lb design simplifies handling and installation, and the smooth finish supports a clean aesthetic in finished applications. It carries a 1-year warranty.
