

Aluminum Light Box Frame 3 in x 4 ft,
Silver Finish, 5mm Acrylic Panel

- Aluminum extrusion frame, 3 in wide by 4 ft tall
- Silver color finish for integration into varied campaigns
- 5mm thick acrylic panel for graphic visibility and protection
- Suitable for indoor and outdoor installation
- Rated for 50,000 hour LED lifetime
- Backed by a 1 year warranty

OVERVIEW

The 5-ALF3-4 is an aluminum light box frame measuring 3 inches wide and 4 feet tall, intended for advertising and branding applications in both indoor and outdoor environments. The frame is constructed from premium-grade aluminum with a silver finish and includes a 5mm thick acrylic panel that provides visibility and surface protection for installed graphics.

The profile and finish are designed to integrate into a range of display configurations, and the frame is built for durability across varied installation conditions. Assembly and maintenance are straightforward, making it suitable for contractors and property managers managing multiple display installations.

The frame carries a 1 year warranty, and the associated LED lifetime rating is 50,000 hours.
