

Aluminum Light Box Frame, 3.5 in. Deep, 2-Side Snap Cover, 4 ft.

- Aluminum frame construction for durability and light weight
- 3.5 in. frame depth accommodates backlit graphic panels
- 2-side snap cover design allows tool-free graphic changes
- 4 ft. frame length provides display area for signage
- Rated LED lifetime of 50,000 hours
- 1-year warranty coverage

OVERVIEW

The 5-CV3.5D-4 is a 4 ft. aluminum light box frame with a 3.5 in. depth and a 2-side snap cover configuration, designed for backlit graphic display applications. It is suited for retail environments, restaurants, trade shows, and similar commercial settings where a clean, professional presentation is required.

The frame is constructed from aluminum for a balance of durability and light weight, supporting straightforward installation and transport. The snap cover design on two sides allows graphic panels to be swapped without tools, reducing downtime during content updates. Rated LED lifetime for the illumination source is 50,000 hours, and the unit carries a 1-year warranty.
