

Plastic Corner Accessory for AL D-XM259 LED Profile Channel, 1 - Year Warranty

- Purpose-built for AL/D-XM259 LED profile channel corner joints
- Molded from durable plastic material for long-term structural use
- Rated for use in varying weather conditions
- Backed by a 1-year manufacturer warranty
- Direct fit integration without additional tooling required

OVERVIEW

The Plastic Corner is a purpose-built accessory designed for use with the AL/D-XM259 LED profile channel system. It is intended to provide structural support at corner junctions, enhancing the overall stability and alignment of the profile installation in commercial and industrial lighting applications.

Constructed from high-quality plastic materials, this component is engineered for durability and reliable performance across a range of environmental conditions. It integrates directly with the AL/D-XM259 framework and is designed for straightforward installation without specialized tooling.

Backed by a 1-year warranty for added assurance in commercial installations.
