

Metal Corner Accessory for AL D-XM259 LED Channel Profile, 1 - Year Warranty

- Metal construction resists scratches, dents, and impact
- Premium finish for consistent appearance at profile corners
- Reinforces corner joints on AL/D -XM259 LED channel profile
- Integrates without altering channel function or light output
- Backed by 1 -year warranty

OVERVIEW

The 5-D259-CN2 is a metal corner accessory designed specifically for the AL/D-XM259 LED channel profile. It reinforces profile terminations and joints, providing structural support at corners in commercial and architectural LED strip installations. Constructed from metal with a premium finish, the accessory resists scratches, dents, and impact under regular installation and service conditions. It installs directly onto the AL/D-XM259 profile without interfering with the channel's function or light output, and is backed by a 1-year warranty.
