

Steel Corner Bracket for 5-F58 10 ft Channel Letter Frame, Set of 8

- Includes four large steel corners sized 60×17.5 mm
- Includes four small steel corners sized 40×7.5 mm
- Fabricated from steel for resistance to corrosion and wear
- Sized specifically for 5-F58 10-foot channel letter frames
- Backed by a 1-year warranty
- Rated for a 50,000-hour service life

OVERVIEW

The 5-F58-CN Steel Corner Bracket is designed specifically for use with 5-F58 10-foot channel letter frame applications. Each package includes four large corners (60×17.5 mm) and four small corners (40×7.5 mm), providing precise fitment and seamless integration into the frame assembly.

Constructed from steel, these brackets are intended to deliver resistance against corrosion and wear, making them suitable for heavy-duty fabrication and construction applications where structural integrity is a priority.

The bracket assembly carries a 1-year warranty and is rated for a 50,000-hour service life.
