

Extension Piece for 5-F58 SEG Frame, 17.5mm + 7.5mm Combined Length

- Combined extension length of 17.5mm + 7.5mm
- Designed specifically for compatibility with 5-F58 frame system
- Secure integration maintains structural stability of the frame assembly
- Backed by a 1-year warranty
- Rated for 50,000 hour LED lifetime when used with compatible LED components

OVERVIEW

The 5-F58-EXT is an extension piece designed for use with the 5-F58 SEG frame system. It provides a combined length of 17.5mm + 7.5mm, allowing installers to extend the frame to accommodate mounting configurations that require additional reach or dimensional adjustment.

Constructed for compatibility with the 5-F58 frame, the extension integrates securely to maintain structural stability. It is suited for applications where standard frame dimensions need to be customized for precise fit or spacing requirements. The piece carries a 1-year warranty.
