

Single-Sided Aluminum Fabric Frame, 6 cm Profile — 12 ft Length

- Single-sided aluminum frame construction for fabric graphics
- 6 cm thick profile for structural stability and low-profile look
- 12 ft overall length for large-format displays
- Lightweight aluminum build simplifies handling and setup
- 1-year manufacturer warranty
- Rated for 50,000-hour LED lifetime

OVERVIEW

The 5-F60-12 is a single-sided aluminum fabric display frame with a 6 cm profile depth, available in a 12-foot length. Designed for exhibitions, trade shows, and retail environments, it provides a structured mounting solution for fabric graphics where a clean, professional presentation is required.

The frame is constructed from aluminum, offering a lightweight build that simplifies handling and installation. The 6 cm profile delivers structural stability while maintaining a low-profile appearance suited to commercial display applications.

The frame carries a 1-year warranty and is rated for a 50,000-hour LED lifetime.
