

Corner Connectors for 5-F65 LED Profile Channel

- Compatible with 5-F65 LED profile channel system
- Enables corner joints in architectural channel runs
- Designed for secure, clean connection between channel sections

OVERVIEW

The 5-F65-CN corner connectors are designed for use with the 5-F65 LED profile channel system, providing a clean and secure method of joining channel sections at corners. These connectors are intended for contractors and installers working on architectural lighting layouts that require directional changes in the channel run.

APPLICATIONS

- Architectural lighting channel runs
- Cove and cabinet lighting installations
- Commercial ceiling and wall profile systems
