- Steel corner bracket set for 5-F90D 10 ft channel systems
- Includes 8 pieces per set for multi-point reinforcement
- Individual bracket dimensions of 45×13×1.5mm
- Low-profile design maintains clean sightlines at joints
- Compatible with 5-F90D channel rated for 50,000-hour LED lifetime
- Backed by 1-year warranty on the 5-F90D-10 system

OVERVIEW

The 5-F90D-CN is a steel corner bracket designed specifically for use with the 5-F90D 10 ft channel system. It provides structural reinforcement at connection points, supporting stability and load distribution in commercial and industrial installations. Each set includes 8 pieces, with individual bracket dimensions of 45×13×1.5mm.

Constructed from steel, these brackets are suited for applications requiring durable mechanical support under demanding conditions. The low-profile design maintains a clean appearance in finished installations.

The 5-F90D-10 channel system it supports is backed by a 1-year warranty and rated for a 50,000-hour LED lifetime.
