

## Silicone Edge Strip for SEG Aluminum Extrusions, 14 mm x 3 mm, 30-Meter Roll

- Premium-grade silicone resists UV radiation, moisture and chemicals
- 30-meter continuous roll supports long uninterrupted extrusion runs
- 3 mm profile thickness seats in standard SEG extrusion channels
- Flexible strip installs and adjusts without specialized tooling
- Fits all listed extrusion profiles except the 5-F30-10' variant
- Covered by a one-year warranty

### OVERVIEW

The 5-FZ-EG14×3C is a silicone edge strip designed for use with SEG aluminum extrusions, providing a clean, sealed finish along exposed edges. It is suited for commercial and residential installation environments where a professional appearance and reliable edge protection are required.

Constructed from premium-grade silicone, the strip offers resistance to temperature variation, UV radiation, moisture, and chemical exposure. The material is flexible and adjustable, allowing straightforward installation on aluminum extrusion profiles. Each roll supplies 30 meters of continuous strip, and the profile fits all listed extrusion sizes except the 5-F30-10' variant.

The edge strip is covered by a one-year warranty.

### SPECIFICATIONS

#### OPTICAL

|              |          |
|--------------|----------|
| Beam Angle   | 135°     |
| LED Lifetime | 50,000 h |

#### ELECTRICAL

|                   |      |
|-------------------|------|
| Operating Voltage | 12 V |
|-------------------|------|

#### MECHANICAL

|                    |                 |
|--------------------|-----------------|
| Product Dimensions | 13*3mm          |
| Length             | 30 m<br>98.4 ft |
| Material           | Silicone        |
| Weight             | 0.62 lb         |

#### ORDERING

|          |     |
|----------|-----|
| Warranty | 1 y |
