

3-Way Metal Chrome Corner Fitting for LED Channel Profiles

- 3-way corner configuration joins three channel sections at one point
- Metal construction with chrome finish
- Designed specifically for the 5-G296 LED channel profile system
- 1-year warranty coverage
- Rated for 50,000 hour LED lifetime compatibility

OVERVIEW

The 5-G18 is a 3-way metal chrome corner fitting designed for use with the 5-G296 LED channel profile system. It provides a clean, finished corner junction where three channel sections meet, making it suitable for architectural lighting installations that require precise directional transitions at interior corners.
