

Aluminum Picture Frame Profile, 6x10mm, 2.44m Length

- Extruded aluminum construction for durability and low weight
- 6×10mm cross-sectional profile dimensions
- Supplied in 2.44m lengths for flexible installation sizing
- Backed by a 1-year warranty
- Rated for a 50,000 hour LED lifetime

OVERVIEW

The 5-H819-8 is an extruded aluminum picture frame profile measuring 6×10mm in cross-section with a length of 2.44m. It is intended for interior display applications, including photographs and artwork, where a lightweight yet rigid framing solution is required.

The profile is constructed from aluminum, providing durability while keeping overall weight low. The 2.44m length allows the profile to be cut or configured to suit a range of installation dimensions and interior spaces.

The product carries a 1-year warranty.
