- Aluminum construction with polished silver finish
- 15mm diameter round profile for a slim mounting surface
- 96-inch overall length for continuous or multi-item displays
- Compatible with wall, ceiling, and overhead mounting configurations
- Backed by a 1-year warranty
- Rated for 50,000-hour service life

OVERVIEW

The 5-HD9615 is an aluminum round hanging display strip designed for mounting artwork, photographs, signage, and similar display materials in commercial and residential environments. With a 15mm diameter and 96-inch length, it provides a rigid, continuous mounting surface suitable for single large presentations or multiple items arranged in sequence.

Constructed from aluminum with a polished silver finish, the strip offers a clean, professional appearance and a smooth surface that accommodates hooks, clips, and other mounting accessories. It is compatible with wall, ceiling, and other overhead mounting configurations, and is backed by a 1-year warranty.
