

Opal Frosted Cover, 10 ft Length, Bendable Lighting Profile

- Opal frosted finish diffuses light and reduces glare
- 10 ft length fits a wide range of linear fixtures
- Durable construction supports straightforward installation
- Backed by a 1 year warranty
- Rated for compatibility with LEDs rated to 50000 h lifetime

OVERVIEW

The Opal Frosted Cover is a 10 ft lighting accessory designed to diffuse light output from compatible linear fixtures. It is suited for both commercial and residential installations where glare reduction and uniform light distribution are required.

The frosted opal finish softens direct light, minimizing harsh glare and producing a more comfortable ambient environment. The cover is constructed from durable materials and is designed for straightforward installation across a wide range of fixture types.

The cover is backed by a 1 year warranty and is rated for use with LEDs having a 50000 h lifetime.
