

Opal Frosted Cover, 9.84 ft / 3 m for LC16 LED Channel

- Opal frosted finish diffuses light to reduce visible LED hot spots
- Length of 9.84 ft (3 m) matches standard LC16 channel runs
- Compatible with LED sources rated for 50,000 hour lifetime
- Backed by a 1-year warranty

OVERVIEW

The 5-LC16-CV-10 is an opal frosted cover designed for use with the LC16 LED channel system. At 9.84 ft (3 m) in length, it provides a continuous diffused lens that softens and distributes light output evenly along the channel run, reducing visible hot spots from the LED strip below.

The cover is rated for use with LED sources having a lifetime of 50,000 hours and is backed by a 1-year warranty.
