

Opal Frosted Black LED Channel Cover, 98 In. (2.5 m) Length

- Opal frosted diffusion surface reduces visible LED hot spots
- Black finish matches dark - profile channel systems
- Length of 98 in. (2.5 m) per cover
- Designed for use with compatible LED channel profiles

OVERVIEW

The 5-LC16-CV-BK is an opal frosted cover designed for use with compatible LED channel profiles. The frosted diffusion surface distributes light evenly along the length of the channel, reducing visible hot spots and providing a clean, finished appearance in architectural, display, and general accent lighting installations.
