

Clear Cover Lens for Corner Lighting Profiles, Non - Yellowing, 1 - Year Warranty

- Clear cover lens maintains unobstructed view of light source
- Resists yellowing and discoloration for long-term optical clarity
- Durable construction protects against dust, scratches, and damage
- Compatible with LED fixtures rated for 50,000 hours of service life
- Backed by a 1-year manufacturer warranty

OVERVIEW

The 5-LC16-CVC is a clear protective cover lens designed as a replacement component for corner lighting profile applications. It provides a transparent barrier that shields fixture internals or displayed elements from dust, scratches, and physical damage while maintaining an unobstructed view of the light source or protected surface.

The cover is constructed to resist discoloration, maintaining optical clarity over time without yellowing. It is rated for compatibility with LED fixtures offering up to 50,000 hours of service life, making it suitable for long-term installations where sustained transparency is required.

The cover is backed by a 1-year warranty.
