

Square Opal Frosted Cover for LED Panel Fixtures, 1 - Year Warranty

- Square opal frosted design diffuses light for even, glare-reduced output
- Fits standard LED panel fixtures and corner lighting profiles
- Rated for 50,000-hour LED lifetime
- Backed by a 1-year warranty
- Square profile suited to modern fixture formats

OVERVIEW

The 5-LC16-SCV is a square opal frosted cover designed for use with LED panel fixtures and corner lighting profiles in commercial and residential applications. Its frosted surface diffuses light output, reducing glare and producing a soft, even illumination across the coverage area. The square profile is suited to modern fixture formats and integrates cleanly into standard ceiling installations. The cover is rated for a 50,000-hour LED lifetime and is backed by a 1-year warranty.
