

End Caps for LED Corner Channel, 5 Pairs per Bag

- Sold 5 pairs per bag for multiple channel terminations
- Designed for use with corner lighting profile channel systems
- Rated for compatibility with 50,000 hour LED lifetime
- Backed by a 1 year warranty
- Provides dust and incidental contact protection at channel ends

OVERVIEW

These end caps are designed for use with LED corner lighting profiles, providing a clean, finished appearance at channel terminations. Sold 5 pairs per bag, they serve as protective closures that shield internal components from dust and incidental contact while contributing to a professional installation aesthetic.

Constructed from durable materials, these caps are built to withstand normal wear over the course of service life associated with the LED channel system they close out, rated for a 50,000 hour LED lifetime.

Backed by a 1 year warranty.
