- Opal frosted finish diffuses light for reduced glare
- Compatible with LED, incandescent, and fluorescent sources
- Fits various linear fixture types for flexible installation
- Rated for use with LED lifetime up to 50,000 hours
- Backed by a 1-year warranty

OVERVIEW

The Opal Frosted Cover (SKU: 5-LC30-CV) is a lighting accessory designed to provide a soft, diffused output across LED linear fixtures in both commercial and residential installations. The frosted opal finish reduces glare and distributes light evenly, supporting a clean, professional appearance suitable for a range of interior environments.

Constructed from durable materials, the cover is built for long-term performance and is compatible with LED, incandescent, and fluorescent light sources. Installation is straightforward, with a design intended to fit onto various fixture types.

The cover is backed by a 1-year warranty and is suited to fixtures rated for up to 50,000 hours of LED lifetime.
