

Corner Mount LED Channel, 45mm x 37mm Profile, 8.2 ft / 98 in Length

- Corner-specific profile measures 45mm wide by 37mm tall
- Length of 8.2 ft (98 in) per channel section
- Rated LED lifetime of 50,000 hours
- Backed by a 1-year warranty
- Built from durable materials for long-term stability

OVERVIEW

The 5-LC4537 is a corner-mount LED channel profile designed to secure and house LED strip lighting in corner installations. Measuring 45mm wide by 37mm tall with a length of 8.2 ft (98 in), it provides a clean, low-profile solution for both commercial and residential applications where space optimization and a finished appearance are required.

Constructed from durable materials, the channel is built for long-term stability and integrates discreetly into a variety of environments. Its corner-specific geometry makes it well suited for accent lighting, cove installations, and architectural detail work where standard flat-mount channels are not practical.

The LED strip housed within this profile carries a rated lifetime of 50,000 hours, and the product is backed by a 1-year warranty.
