

LED Strip End Caps, 5 Pairs per Bag, Drywall Profile Termination

- Sold in a bag of 5 pairs for multiple channel terminations
- Low -profile design integrates with standard drywall lighting profiles
- Durable material resists wear and tear over time
- Installs without special tools
- Backed by a 1 -year warranty

OVERVIEW

These end caps provide a clean, finished termination for drywall LED lighting profile channels. Sold in a bag of 5 pairs, they cap exposed channel edges to prevent damage and deliver a polished appearance suited to commercial and residential lighting installations.

Constructed from durable materials intended to resist wear and tear, the end caps feature a low -profile design that integrates cleanly with standard drywall lighting profile channels. No special tools are required for installation.

Backed by a 1 -year warranty.
