

End Caps for LED Strip Channels, 5 Pairs per Bag, 1 - Year Warranty

- Sold in bags of 5 matched pairs for multi-channel runs
- Tool-free push-fit design requires no additional hardware
- Backed by a 1-year manufacturer warranty
- Compatible with LED strip systems rated for 50,000-hour lifetime
- Durable construction withstands routine handling and installation

OVERVIEW

End caps designed to enclose and protect the open ends of LED strip light channels used in drywall lighting profile installations. Each pair fits securely onto channel ends, preventing dust ingress and providing a finished appearance to completed runs.

Supplied in bags of five matched pairs to support multi-channel projects, the caps are constructed from durable material suited to routine handling and varied environmental conditions. Installation is tool-free and requires no additional hardware.

Backed by a 1-year warranty and intended for use with LED strips rated for 50,000 hours of service life.

SPECIFICATIONS
