

End Caps for 5-LDW1513 LED Strip Light Drywall Profile, 1 Pair

- Sold as a matched pair for the 5-LDW1513 profile
- Tool-free, snug-fit installation onto profile ends
- Helps protect fixture ends from dust and debris ingress
- Backed by a 1 year warranty
- Compatible with LED strips rated for 50000 h lifetime

OVERVIEW

The 5-LDW1513-Cap is a pair of end caps designed specifically for the 5-LDW1513 drywall lighting profile. These accessories provide a clean, finished appearance at the terminal ends of the fixture and help protect against dust and debris ingress.

Each cap is engineered for a snug, secure fit onto the 5-LDW1513 profile without requiring additional tools or hardware, simplifying installation and reducing labor time on site.
