

Silicone End Cap for LDW1513FLEX Drywall Flex LED Channel

- Silicone construction for flexible, snug-fit sealing
- Purpose-built for the LDW1513FLEX drywall flex channel
- Backed by a 1 year warranty
- Pairs with LED strip rated for 50000 h operating life

OVERVIEW

The 5-LDW1513FLEX-Cap is a silicone end cap designed specifically for use with the LDW1513FLEX drywall flex LED channel. It provides a clean, finished termination point for the channel profile, blocking dust and debris from entering the open end of the extrusion.

The accessory is backed by a 1 year warranty and is intended for use with LED strip rated for a 50000 h lifetime, matching the service life of the LDW1513FLEX channel it accompanies.
