

Opal Frosted Cover, 3-Meter Length, Opal Glass Diffuser

- Opal glass construction for durability and easy cleaning
- Frosted finish diffuses light evenly to reduce glare
- 3-meter length suits continuous drywall profile runs
- Rated for 50,000-hour LED lifetime when paired with compatible fixtures
- Backed by a 1-year warranty

OVERVIEW

The Opal Frosted Cover is a light diffuser accessory designed for use in both commercial and residential fixture applications. It fits over existing lighting systems to provide uniform light diffusion, reducing glare and minimizing eye strain in environments where visual comfort is a priority.

Constructed from opal glass, the cover offers a durable, low-maintenance surface that can be wiped clean without specialized materials. Its frosted finish distributes light evenly across the coverage area, making it suitable for task-oriented or ambient lighting installations.

The cover carries a 1-year warranty and is rated for an LED lifetime of 50,000 hours when paired with compatible fixtures.
