

LED Channel End Caps, 5 Pairs per Bag, Drywall Profile Accessory

- Bag includes five pairs of end caps for multi-run installations
- Compatible with a range of drywall LED channel profiles
- Durable construction resists wear and tear over time
- Straightforward installation suited to DIY or professional use
- Rated for a 1-year warranty period

OVERVIEW

These end caps provide a clean, finished appearance on drywall LED channel installations. Each bag contains five pairs, making them suitable for multi-run projects in commercial and industrial applications.

Constructed from durable materials, the end caps resist wear over time and install easily, accommodating a range of compatible channel profiles for contractor and professional use.
