- Opalescent frosted finish diffuses light for uniform illumination
- Reduces glare across the fixture face for comfortable lighting
- Compatible with a range of LED linear fixture profiles
- Backed by a 1 -year manufacturer warranty
- Pairs with LED sources rated for 50,000 -hour lifetime

OVERVIEW

The Opal Frosted Cover is a diffuser accessory designed for LED linear fixtures, suitable for both commercial and residential lighting installations. Its opalescent frosted finish softens and diffuses the light source, reducing glare and producing a uniform, comfortable illumination across the fixture face.

Constructed for durability, the cover provides reliable protection for the underlying light source while maintaining a clean, finished appearance. The frosted opal finish integrates with a range of linear fixture profiles, adding a refined aesthetic to suspended, surface-mounted, or recessed applications.

The cover is backed by a 1-year warranty and pairs with LED sources rated for a 50,000-hour lifetime.
