

Silicone Cover for Drywall Flex Series, 3M Length, Fits LDW3515FLEX

- Silicone construction provides a protective sleeve over the LED strip
- Supplied in 3-meter length to match LDW3515FLEX runs
- Designed specifically for the LDW3515FLEX Drywall Flex Series
- Suited for drywall cove and tray ceiling installations

OVERVIEW

The 5-LDW3515FLEX-CV is a silicone cover designed for use with the LDW3515FLEX Drywall Flex Series LED strip. It provides a protective sleeve over the flexible LED assembly, suited for drywall cove, tray ceiling, and architectural accent lighting installations.

The cover is supplied in a 3-meter length to match the corresponding LDW3515FLEX run, allowing full-length coverage without additional splicing.
