

Aluminum Mounting Clip for LF5710 LED Strip Light Channel

- Machined from aluminum for corrosion resistance and durability
- Designed specifically for the LF5710 LED strip light channel
- Secures channel in place while allowing easy installation and removal
- Compact, lightweight design simplifies handling and positioning
- Finish resists wear from adverse environmental conditions

OVERVIEW

The 5-LF5710-Clip is an aluminum mounting clip designed for use with the LF5710 LED strip light channel. It provides a secure hold for the channel, facilitating straightforward installation and removal in commercial and industrial lighting applications.

Constructed from aluminum, the clip offers corrosion resistance and a durable finish suited to withstand wear and adverse environmental conditions. Its compact, lightweight form factor makes handling and positioning practical during installation.
