

Middle Holder for LED Light Bars, 2-Piece Set with Screws

- Includes 2 middle holders per set
- Mounting screws included for installation
- Supports intermediate mounting points on light bar runs
- Backed by 1-year warranty

OVERVIEW

The 5-LH1530-MHolder is a middle holder set designed to support and secure LED light bars in fixed installations. Each set includes two holders and the necessary mounting screws, providing a complete hardware solution for intermediate mounting points along a light bar run.

The holder set carries a 1-year warranty, backing the mechanical hardware for standard installation use.
