

Steel Mounting Band for LED Strip, White, 16mm Wide, 25-Meter Roll

- Steel construction for structural support of LED strip runs
- White finish suited to exposed or semi-exposed mounting
- 16mm band width matches 5-LR/Base-W strip channel system
- 25-meter roll length for continuous long-run installations
- Assists with heat dissipation from mounted LED strip
- Backed by 1-year warranty coverage

OVERVIEW

The 5-LR-Band-W-25M is a 25-meter roll of steel mounting band designed for use with LED strip lighting, specifically compatible with the 5-LR/Base-W system. It is suited for both commercial and residential lighting installations where a clean, finished appearance is required. Constructed from steel and finished in white, the band provides structural support for LED strip runs while assisting with heat dissipation from the strip, contributing to safe and efficient operation. The white finish offers a modern aesthetic appropriate for exposed or semi-exposed mounting applications. A 1-year warranty is provided with this product.

SPECIFICATIONS

OPTICAL

LED Lifetime 50,000 h
