

Opal Frosted Cover for Linear Lighting Channels, 6.56 ft / 78 in Length

- Opal frosted glass construction diffuses light and reduces glare
- Measures 6.56 ft (78 in) in length for linear channel installations
- Rated for 50,000-hour LED lifetime when used with compatible channels
- Backed by a 1-year warranty
- Designed for straightforward installation and easy cleaning

OVERVIEW

The Opal Frosted Cover is a linear lighting channel accessory designed to diffuse light output and provide a finished appearance for compatible LED channel installations. At 6.56 feet (78 inches) in length, it is suited for commercial and residential interior applications where a clean, uniform light distribution is required.

The frosted opal construction reduces direct glare and minimizes eye strain, making it appropriate for occupied spaces such as offices, retail environments, and corridors. The cover is rated for a 50,000-hour LED lifetime when paired with compatible LED channel systems and is designed for straightforward installation and ease of maintenance.

The product carries a 1-year warranty.
