

End Caps for 5-LW0610 Aluminum LED Profile, ABS — 5 Pairs per Bag

OVERVIEW

The 5-LW0610-Cap is a set of ABS end caps designed specifically for the 5-LW0610 aluminum LED profile. Sold in bags of 5 pairs, these end caps provide a clean, finished termination at the open ends of installed profiles, protecting the interior channel from moisture, dust, and physical damage.

Engineered to fit the 5-LW0610 profile precisely, these end caps are compatible with LED strip installations running up to 8 W/m within a maximum strip width of 4 mm. The ABS construction offers adequate rigidity and dimensional stability for interior architectural, furniture, shelving, and cabinetry applications.

No certifications are confirmed for this accessory. Consult your Poli LED & Signs representative for warranty terms and project-specific compliance requirements.
