

Opal Frosted PC Black Cover for 5-LW12 LED Strip Channel, 8.2 ft (98 in), IP65

- Opal frosted polycarbonate diffuses LED output evenly
- Black finish matches 5-LW12 channel hardware
- IP65 rated for moisture resistant installations
- Waterproof environmental rating suits damp locations
- Measures 8.2 ft (98 in) in length for full channel coverage
- Backed by a 1 year warranty

OVERVIEW

The 5-LW1208-CV-BK is an opal frosted polycarbonate cover designed for use with the 5-LW12 LED strip channel system. Finished in black, it provides light diffusion along the full run of the channel, softening LED output for a uniform appearance. Each cover measures 8.2 ft (98 in / 2.5 m) in length.

Constructed from plastic, this cover carries an IP65 rating and is classified as waterproof, making it suitable for installations where moisture resistance is required.

The cover is backed by a 1 year warranty.
