

## Opal Frosted Black Cover for LED Channel, 9.8 ft / 118 in (3 m)

- Opal frosted lens diffuses light output along channel run
- Black finish for low-visibility integration with channel housing
- Length of 9.8 ft / 118 in (3 m) per piece
- Designed to fit compatible LED channel systems

### OVERVIEW

The 5-LW1215-CV-BK is an opal frosted black cover designed for use with compatible LED channel systems. At 9.8 ft (118 in / 3 m) in length, it provides a continuous diffused lens surface that softens and distributes light output along the full run of the channel assembly.
