

Opal Frosted Black LED Channel Cover, 118 In. (3m) Length

- Opal frosted lens diffuses LED hotspots along the run
- Black finish for a clean, low-visibility profile
- 118 in. (3 m) length suited for continuous channel runs
- Designed for use with compatible LED channel systems

OVERVIEW

The 5-LW1606-CV-BK-10 is an opal frosted black cover designed for use with compatible LED channel systems. At 118 inches (3 meters) in length, it is suited for commercial and architectural lighting installations where a diffused light output and clean finished appearance are required.

The frosted opal lens softens LED hotspots along the channel run, making it appropriate for display cases, cove lighting, and similar continuous-run applications.
