

Opal Frosted LED Channel Cover, 9.84 ft / 118 in (3 m), 50,000 h Rated

- Opal frosted finish diffuses light evenly to reduce glare and shadows
- Length measures 9.84 ft (118 in / 3 m) for extended channel runs
- Rated for 50,000 hours of LED operating lifetime
- Backed by a 1-year warranty
- Durable construction protects underlying light source with minimal maintenance

OVERVIEW

The 5-LW1606A-CV-10 is an opal frosted cover measuring 9.84 ft (118 in) designed for use with LED channel lighting fixtures in both commercial and residential applications. The frosted diffuser distributes light evenly across its length, reducing glare and minimizing shadows for a clean, uniform appearance.

Constructed for durability, the cover protects the underlying light source while requiring minimal maintenance and supports an LED lifetime rating of 50,000 hours. Its profile is designed for straightforward installation and is compatible with a range of fixture styles and design environments.

The cover is backed by a 1-year warranty.
