

Recessed Lighting Profile End Caps, Set of 2, 1-Year Warranty

- Set of two end caps for finished channel termination
- Backed by a 1-year manufacturer warranty
- Compatible with LED channel systems rated for 50,000 hours
- Precision-crafted for a secure, gap-free fit
- Designed for straightforward, tool-free installation

OVERVIEW

The 5-LW1606A-Cap is a set of two end caps designed to provide a clean, finished termination for compatible LED channel profiles. These components are suited for use in furniture, architectural lighting installations, and fabrication projects where a professional appearance at channel ends is required.

Constructed from durable materials, the end caps are precision-crafted to fit securely and are designed for straightforward installation, reducing labor time on the job site. They are intended for use with LED channel systems rated for 50,000 hours of operation.

The set is backed by a 1-year warranty.
