

Wall Mount Clip for LED Fixtures, 10-Piece Bag, Locking Design

- Locking mechanism helps prevent slippage or unintended displacement
- Low-profile design suited for tight or confined installation spaces
- Sold in a 10-piece bag for multi-fixture runs or retrofit projects
- Backed by a 1-year manufacturer warranty
- Compatible with LED fixtures rated for 50,000-hour service life

OVERVIEW

The 5-LW1612-Clip is a wall mount clip designed for securely attaching LED fixtures and related components to wall surfaces. Its low-profile design allows installation in confined or tight spaces, making it well suited for commercial, office, and retail lighting installations where clean mounting solutions are required.

The clip features a locking mechanism intended to prevent slippage or unintended displacement, helping to protect both the fixture and the mounting surface. Sold in a 10-piece bag, it is a practical hardware solution for contractors and installers managing multiple fixture runs or retrofit projects.

Backed by a 1-year warranty for added assurance on installed hardware.
