

Opal Frosted Cover for LED Channel, 98 in. (2.5 m) Length

- Opal frosted finish diffuses light for even, glare-reduced output
- Length of 98 in. (2.5 m) matches standard LED channel runs
- Acts as a protective shield over the LED strip or module
- Designed for straightforward installation onto LED channel
- Supports a rated LED lifetime of 50,000 hours
- Backed by a 1-year warranty

OVERVIEW

The 5-LW1707-CV is an opal frosted cover designed for use with LED channel systems, suitable for both commercial and residential lighting installations. The frosted opal finish diffuses light evenly across the length of the channel, reducing glare and hotspots while providing a clean, uniform appearance at the fixture face.

The cover also serves as a protective shield for the LED strip or module housed within the channel, and is designed for straightforward installation.

The LED channel system this cover is intended for carries a rated LED lifetime of 50,000 hours and is backed by a 1-year warranty.
