

Opal Frosted Black Cover for LED Strip Channel, 9.8 ft / 118 in (3 m)

- Opal frosted finish diffuses LED strip light output
- Black exterior finish for visible channel installations
- Length of 9.8 ft (118 in / 3 m) per cover
- Designed for use with compatible LED strip channels

OVERVIEW

The 5-LW1707A-CV-BK is an opal frosted cover designed for use with compatible LED strip channels. The frosted finish diffuses light output, reducing visible hot spots along the strip and producing a uniform linear glow.

The black exterior finish suits installations where the channel housing is visible and a darker aesthetic is required. Each cover measures 9.8 ft (118 in / 3 m) in length.
