

Wall Mount Clip for LED Fixtures, 10-Piece Bag, 1 - Year Warranty

- Sold in a 10-piece bag for multi-fixture installations
- Integrated locking mechanism for secure, stable mounting
- High-grade material construction for durability
- All mounting hardware included for effortless installation
- Neutral color finish for a clean, professional look
- Backed by a 1-year warranty

OVERVIEW

The 5-LW1707A-Clip is a wall mount clip designed to securely fasten LED fixtures and related components to wall surfaces. It is suited for commercial and industrial installations where a clean, organized mounting solution is required.

Constructed from high-grade materials, the clip features an integrated locking mechanism that provides reliable strength and stability during use. All necessary mounting hardware is included, and the design allows for straightforward installation and quick field adjustment. The neutral color finish supports a professional appearance in a variety of environments.

The clip is backed by a 1-year warranty.
