

Clear Cover Lens for LED Lighting Profiles, 1 - Year Warranty, 50,000 - Hour LED Life

- Backed by a 1 - year manufacturer warranty
- Compatible with LED components rated for 50,000 - hour service life
- Transparent construction preserves full light output from the LED strip
- Low - profile design minimizes added bulk to the lighting profile channel
- Simplifies maintenance access without removing the LED assembly

OVERVIEW

The 5-LW1715-CVC is a clear cover lens designed for use with standard LED lighting profiles, protecting the enclosed LED strip from scratches, dust, and impact damage while maintaining full light transmission. Its transparent, slim construction adds minimal bulk to the profile channel, making it suitable for architectural and commercial lighting installations where a clean finished appearance is required.

The cover is compatible with LED components rated for a 50,000 - hour service life, supporting long - term use in continuous or extended - duty lighting applications. It is backed by a 1 - year warranty.
