

Opal Frosted Cover for LED Strip Channel, 8.2 ft / 98 in (2.5 m)

- Opal frosted finish diffuses light evenly across the lens
- Measures 8.2 ft / 98 in (2.5 m) in length
- Conceals LED strip and reduces glare for uniform appearance
- Compatible with LED strip lifetime rating up to 50,000 h
- Backed by a 1-year warranty

OVERVIEW

The opal frosted cover is a diffusion accessory designed for LED strip channels, suitable for both residential and commercial lighting installations. Its frosted finish distributes light evenly across the lens surface, reducing glare and concealing the LED strip beneath to produce a clean, uniform appearance.

The cover is constructed for durability and ease of maintenance, and is designed for straightforward installation within compatible LED strip channel profiles, backed by a 1-year warranty and rated for use with LEDs up to 50,000 hours of service life.
